

1 Game Overview

Game Concept:

A 2D arcade-style game where player plays as a hungry dog looking for food. Dog navigates through a maze of various maps and landscapes, avoiding enemies and collecting treats.

Objective:

The player wins by reaching the exit after collecting all regular treats and avoiding enemies.

2 Key Features

Main Character:

A hungry dog, Doug. Player controls character using the keyboard, moving up, down, left and right to adjacent cells.

Enemies:

Enemies can be map dependent, along with the punishments.

Moving enemies: Cats and rats will steal all of Doug's food and the player immediately loses.

Punishment: Chocolate (-20 pts) and onion (-10 pts) will poison Doug, and he will drop some of his food. If Doug loses all his food, the game is over.

Rewards:

Rewards will be map dependent. For instance, in a city-like map:

Regular rewards: Hot dogs (+10 pts), chicken (+7 pts), sushi (+6 pts), donuts (+5 pts), ice cream (+3 pts), beer (+2 pts)

Bonus rewards: Wild mushroom (+15 pts)

Where as in a grassland-like map, the rewards may be like:

Regular rewards: Meat (+10 pts), egg (+7 pts), potato (+5 pts), apple (+3 pts), Bone (+2 pts)

Bonus rewards: Wild mushroom (+15 pts)
